- 13.3 Nothing in this Agreement entitles Client to actual possession of the Software or Client Site. Client acknowledges and agrees that use of the Software and Client Site is provided on an application services basis only.
- 13.4 Any changes or additions to the Services required by Client shall be subject to the written agreement of FT and subject to payment of any agreed additional fees and expenses.
- 13.5 Client shall not obscure any legal or regulatory notices or links to legal or regulatory notices incorporated into the Client Site (including where Client Site is embedded within another website).
- 13.6 Where the Order includes Customization Service:
- (a) FT will carry out the Customization Services to prepare Client Site for launch;
 - (b) Once Client Site is ready, FT will notify Client, giving instructions on how Client Site can be accessed; and
 - (c) Client acknowledges that any Target Go-Live Date set out in the Order is an estimate only. FT will use reasonable endeavours to ensure that the Go-Live Date is no later than the Target Go-Live Date, but Client acknowledges that this is dependent upon Client meeting its own obligations under this Agreement and may be affected by other factors beyond FT’s control.
- 13.7 With effect from the Go-Live Date, FT will use commercially reasonable efforts to make Client Site available and online for at least 99% of each calendar month. Client agrees and understands that the following will not be taken into account when measuring FT’s performance against that target:
- (a) routine scheduled maintenance by FT or its internet provider or hosting facility;
 - (b) Client’s loss of connectivity to Client Site due to reasons which are beyond FT’s control, such as problems with Client’s own network and/or computers or with any internet infrastructure; or
 - (c) a Force Majeure Event (as defined at clause 8 of the General Subscription Terms).
- 13.8 Where Client and FT agree to use of a Custom Domain, then the Custom Domain will map to the Principal Domain, so that end users of Client Site access Client Site at the Custom Domain and the Principal Domain redirects to the Custom Domain.
- 13.9 Any Custom Domain is subject to FT’s approval (not to be unreasonably withheld) and must not be misleading, infringe the IPRs of any third party; or incorporate any of the trade marks of FT, its affiliates, or its licensors.
- 13.10 Except as agreed in writing by FT, all Custom Domains will be registered in the name of FT and belong to FT. Any change to a Custom Domain may be subject to additional charges at FT’s standard rates.

- 13.11 FT will issue up to five (5) Administrator Logins to Client, which gives the User full access to Client Site and the Administration Interface, including the ability to add or delete Client Content without restriction and to add or delete Users or Logins. Each Login will have varying privileges and access rights as specified in the Documentation. Client is responsible for all activity that takes place under each Login, and it is Client's responsibility to ensure that each Login is kept secure and not shared by more than one individual. Each User may be required to agree to FT's individual user terms and privacy policy in order to access Client Site using their Login.
- 13.12 Client grants (and will ensure that all Users who upload Client Content grant) to FT a worldwide, perpetual, irrevocable, royalty-free licence to copy, distribute, make available, modify, perform and otherwise use Client Content for the purposes of providing the Services and making Client Content available through other ZoomProspector sites managed and/or provided by FT.
- 13.13 Client is solely responsible for any Client Content uploaded to or otherwise made available through the Client Site. Client must ensure that all Users are made aware of the terms on which Client Content is uploaded and used.
